*The Objects of the
Charlotte Straker Cottage Hospital and
Nursing Association.*

THE HOSPITAL is intended for the benefit of persons resident in Corbridge and the District, including the Parishes of Bywell, Riding Mill, Slaley, Matten, and Newton, who are suffering from accident, non-infectious, or curable disease, and cannot be treated efficiently in their own homes.

THE DISTRICT NURSING ASSOCIATION is worked in conjunction with the Hospital, and under the supervision of a Committee of Ladies. Its objects are to provide a skilled nurse for the sick poor in their own homes, and to supply them with the necessary sick room comforts and appliances, either by gift or loan.

Special Efforts.

The Committee take this opportunity of again thanking all those who contributed to the great success of the Garden Fete and Carnival held on August 11th of this year on behalf of "The Benevolent Fund" of the Hospital. The proceeds, £209 18s 1d, have been credited to the Benevolent Fund Reserve Account.

The Corbridge Chrysanthemum Show Society have again shown their high regard for the work done at this Hospital. Their usual contribution given out of proceeds of their annual flower show, has been very largely increased by means of a whist drive and dance, organised and conducted by members of this Society, and which proved a great success. The Committee are indeed grateful, as by this special effort, the sum of £47 5s 0d has been contributed to the General Funds.

The following contributions have also been received, for which the Committee tender their thanks:—

Committee.

Owing to the pressure of other business, we regret that Mr Elsworth has found it necessary to retire from active association with this Hospital. His advice and willing co-operation with all work in connection with the management, has for many years been of great value to the Committee.

Mr H. Gandy has been appointed on the Committee in his place.

The Committee have always in view the necessity to keep down expenses to a minimum figure, and yet at the same time the Hospital must be maintained and kept at its best state of efficiency.

The frequent letters of appreciation received from discharged patients prove that everything possible is being done to alleviate the suffering, and hasten the recovery of all patients, but additions and improvements to the general utility of the Hospital are occasionally needed to further this object, and the Committee are conscious that further improvements are still possible. The absence of an X-Ray apparatus in this Hospital has often proved a disadvantage.

Taking into consideration the yearly increases in cost of maintenance, as indicated by the Balance Sheet of this year, and additional items of necessary expenditure, the Committee appeal to their subscribers for a continuance of their generous support, in order that the general usefulness of the Hospital may be maintained.

The following members of the Committee retire in rotation, and are eligible for re-election:—

R. Reed.

H. P. Hicks.

Mrs Barnett.

Mrs S. P. Bell.

Ambulance.

Since the early part of the year 1928, the Motor Ambulance, kindly presented to the Hospital by Mr T. D. Straker-Smith and others, has proved of considerable service to the sick in the immediate as well as surrounding districts.

The approximate mileage run during 1928 is 640 miles and the surplus on the year after deducting running expenses is £9 14s 4d.

The Driving and Maintenance has always been entrusted to Mr J. Bishop, and the Committee are grateful for the valuable services he has rendered to the Hospital, and for the thoughtful care given to all patients whilst in his charge.

In future this district will be served for all cases of illness or accident by the Motor Ambulance of the British Red Cross Society.
